To complete a 2Do:

Step 1: Pupil should click on the Start button. This will take them to the work that needs to be completed.

Step 2: Complete the work. When the pupil has completed the work, they should save it. This will save the work into a folder called 2Dos for the Teacher to mark. Pupils can only see their completed assignments within the 2Dos application.

Step 3: Once a pupil has saved their work, they can continue working on their 2Do by pressing

Pupils can hand in their work by pressing Hand In	

Important- There are some activities in Purple Mash, such as 2Simulate, Maths City and Simple City, which are exploratory. This type of activity does not save a file, it is not possible to hand this in. These activities do not have a 'hand in' button.

Pupils can add a typed comment and an audio comment for the teacher when they click the button. Once a piece of work has been handed in, it can no longer be changed by the pupil.

Open Work button to view their work or save it to "Online Work".

If, for example, the work handed in is a writing activity, the pupil will be able to view the actual piece of work. If the work handed in is a game, which only submits scores, then it will open a 'Scores Certificate' file.
